HOW WE MAKE OUR MEATS

A GUIDE TO WHAT MAKES OUR MEAT SO SPECIAL

You will see how much love and effort goes into every single meal we create.

BRISKET

Our hearty Beef Brisket is crafted with care over 3 days to achieve maximum tenderness and flavour.

We start by sourcing only the finest quality briskets from local butchers. Each brisket is meticulously trimmed and **marinated for 24 hours** in a secret house-made brine, allowing the spices and seasonings to deeply penetrate the meat.

Next, we lovingly coat the brisket with layers of our **custom blend of herbs and spices**, gently massaging the rub into every bit of the meat.

The magic truly happens when the **brisket goes into the smoker for up to 16 hours of slow**, smoky bliss. The smoke infuses it with incredible flavour as it becomes fork-tender.

The end result is a mouthwatering brisket, dripping with juice and packed with smoky goodness in every bite. It's a true labour of love!

BEEF RIBS

Get ready for some tasty beefy goodness! **Our iconic ribs take 2 whole days** of TLC before they're ready to make your tastebuds celebrate.

First, we head out on a rib-hunt to track down the meatiest, juiciest ribs from the top butchers in town. Only the best for our ribs!

Our expert chef crew then gears up to transform those ribs into magnificent works of art. They carefully clean each rib, **tenderly massaging them with layers of our secret spice rub**, infusing them with aromatic flavors as they rest overnight.

Next up is smoke time! **The ribs lounge in the smoker for up to 12 hours as our chefs dutifully watch over them**, providing the ultimate spa treatment. The ribs soak up all that smoky flavor while becoming fall-off-the-bone tender.
